

**Instructions for Pediatric Healthcare Provider
Patient Referral for Behavioral Health Services**

General Instructions:

1. The attached Referral Form can be used for all patients needing behavioral health referral
2. In general the procedures indicated below are the same except for contact names and fax numbers
3. The county where the patient lives is key to choosing the right agency and fax number for referral. **If a child is in foster care please note that the child's county for referral is in the county of the foster care case worker.**
4. Patients have a choice to be seen by the Community Mental Health Center (CMHC) that serves the county where they live or by a provider within the Behavioral Health Organization Network. Once you know the child's county (see above regarding children in foster care) please follow the following steps:
 - Ask the family or guardian whether they want their child to be seen at the CMHC or by a provider that is not affiliated with the CMHC. In general the CMHCs provide a wider array of services, including psychiatric, but all Behavioral Health Organizations (BHOs) have a Provider Network available for child/youth referrals.
 - If the family/guardian prefers to see a CMHC provider please see Table 2 for the CMHC affiliated with the child's county and the phone numbers for that CMHC for the family to contact for an appointment and the fax number for sending the referral.
 - If the family/guardian prefers to see a non-CMHC provider please see Table 2 for the BHO for the county and Table 1 for the phone numbers for the family to contact for non-CMHC Network Providers.
 - If there are questions regarding a referral please contact the BHO affiliated with the child's county (Table 1).

Table 1. Behavioral Health Organization Contact Information

BHO	Phone #s for Family	Fax # for Referral
Access Behavioral Care Denver (ABC)	For appt: 303.751.9030 or 1.800.984.9133 For emergency: (Metro Crisis Line) 1.877.560.4250	Fax # 303.649.8921
