Alternative Payment Methodology Resources

[The Alternative Payment Methodology Survival Guide](#) is now available on the Department's website. The Guide provides a good overview of the information providers need to know to begin getting ready for Alternative Payment Methodologies (APM). [Other detailed resources \(measures, code set, timeline, and model\) are also available on the Department's website.](#)

Implementation Workgroup

As the Department moves forward with the APM, a workgroup is forming to assist with the implementation of the APM. Similar to the process used to design the APM, the Department is looking for representation from primary care physicians, primary care practice coordinators, office managers, and Regional Care Collaborative Organization representatives. The group would provide feedback and input on how best to implement the APM and help the Department understand the impact of operational decisions.

The time commitment would be one 60-90 minute meeting every other month. A kick-off meeting will be held on November 20 from 12:00-1:00 p.m. and meetings will be scheduled every other month thereafter. There will be a call-in option for those unable to attend in person.

If you are interested in participating in the Implementation Workgroup please send an email to our APM inbox, HCPF_PrimaryCarePaymentReform@state.co.us.
